

Adopt a Dolphin

The Adopt a Dolphin Program contributes to the on-going conservation of dolphins and their environment. Bottlenose Dolphins are marine mammals found in Australian waters, and many oceans worldwide. Despite their numbers being abundant, Bottlenose Dolphins are facing increasing pressure from human activities.

By adopting one of the Koombana Bay dolphins, you are assisting our organization to study and protect these wonderful mammals. With increased public awareness about the dolphins and marine conservation we have a greater chance of ensuring sustainability of the wild Bottlenose Dolphins.

The Adopt a Dolphin Package contains:

- Information on your adopted dolphin
- 2 updates and 2 newsletters per year
- Adoption certificate
- 2 photos (by Dave & Fiona Harvey) to help you identify your dolphin
- Souvenirs (excluding the Paper Free adoption package)
