Did you know that the Bunbury Dolphin Discovery Centre is a not for profit community group? Our focus is conservation, education and research, where tourism revenue is used to cover operational costs and our research, conservation and rehabilitation projects. We are environmentally friendly using a solar power system, avoiding single use plastics, using green chemicals, recycling, sourcing locally and supporting the conscious coffee drinker philosophy. We are very proud of our Advanced Ecotourism Accreditation and the fact that the Dolphin Discovery Centre is recognised internationally as a leader of ecologically sensitive Dolphin & Marine interactive experiences through our conservation, eco-tourism, education & research programs.
